

Dear Willie:

I know you have heard by now, we lost to The Grays last night. Abe said one good thing we will have two weeks less headaches, as it will cause us to stop sooner.

Well we have a Sunday in September here in Newark we were holding in case we got in a playoff. Due to the fact we wont be in one, we will have to get a team to play us here. It is Sunday September 10th. I have talked to the man in Atlanta who has The Atlanta Black Crackers, and he will come East if I can give him the whole week. Therefore I am writing you to go RIGHT AWAY, and see if we can get the parks in Virginia for the 11th 12th 13th 14th and maybe the 15th. See what parks you can get, and close the dates, so I can get the man in Atlanta tied up.

I am going to write Richmond today and find out if the 11th or 15th is available there, but I will not close the dates. I will only be trying to find out in case you do not have those days.

You will have to do this right away, and let me know because if I cannot get the dates, I will have to try and get another team. I have to pay the men until the 15th. I dont know any other spots I could take The Crackers in that would be worth while. If you want to telephone me call Market 3-0555 and reverse the charges.

Sincerely
